

components/crc16/include
/crc16.hpp

```
graph TD; A[components/crc16/include/crc16.hpp] --> B[cstdint]; A --> C[cstddef]; A --> D[esp_rom_crc.h];
```

The diagram illustrates the include dependencies of the file `components/crc16/include/crc16.hpp`. It is represented as a root node in a gray box at the top. Three blue arrows point downwards from this root node to three child nodes, each in a light gray box: `cstdint`, `cstddef`, and `esp_rom_crc.h`.

`cstdint`

`cstddef`

`esp_rom_crc.h`
